Bull Sale

FRIDAY 6TH OCTOBER 2017
Bar H Grazing would like to take this opportunity to welcome you all to their 2017 Wagyu Bull sale. We Thank you for your interest in our catalogue and for taking the time to view our variety of selected genetics on offer this year.

We extend a very warm welcome to previous buyers and supporters of our 2016 sale and trust you’ve had a strong and successful breeding season with all purchases.

Due to the overwhelming attendance at our pre-sale inspection and information day last year, Que is offering a more personalised experience to view the 2017 sale lots and Bar H Grazing operation. On property inspections are welcome by appointment from Monday 25th September to Thursday 5th October.

Your future sires have been prepared on natural buffel grass pastures and supplemented with a low energy pasture pellet. By restricting and closely monitoring their intake of this pellet we are achieving optimal muscle and skeletal development whilst keeping these sires in ideal working condition ready for your upcoming breeding season. All bulls have been tested negative to Pestivirus and vaccinated with Vibrio, 7 in 1, Pilliguard, 3 Germ Blood and longrange Botulism allowing these bulls to go straight to work. Supplementary sheets will be available for all lots closer to sale indicating weights, scrotal and semen test results.

Genetics and data remain one of the most powerful levers in the Wagyu industry. Parent verified DNA, intensive data collection, recording and analysis has allowed us to offer and stand behind the variety of genetics we are offering to you online at AuctionsPlus Friday 6th October at 10am.

We strongly believe and value the management and analysis of data so we ask if you could help by providing any DNA’D data/feedback available from the offspring of your purchases. This will ensure we can continue to offer and maintain a very consistent high-quality product.

**MARBLING, GROWTH, CONFORMATION, WEIGHT, SOUNDNESS, MATERNAL, FEED CONVERSION, HIGH TAJIMA, BIG EMA, HEAVY WW.**

**WHAT ARE YOU LOOKING FOR IN YOUR HERD?? FIND A SIRE IN THIS CATALOGUE TO SUIT.**

Thanks again for your interest in our sale and feel free to contact us if you require any further information.

★ BOOK NOW FOR PRE SALE INSPECTIONS ★ PHONE 0499 954 125
SALE INFORMATION

All lots sold via AuctionsPlus on
Friday 6th October 2017 at 10am

OFFERING 64 LOTS
35 x 22-28mth Bulls  |  16 x 10-12mth Bulls
13 x Semen Packages

PARENT VERIFIED  |  REGISTERED  |  EU ACCREDITED
SEmen TESTED   |  FULLY VACCINATED
16/16 ANALYSIS TESTED  |  PESTI VIRUS FREE
PASTURE PREPARED

POST-SALE COLLECTIONS
All bulls are located at “River Lea” Comet Qld 4702. Purchased lots are to be collected within 2 weeks of sale date unless prior arrangements have been made.

All semen located at “Beef Breeding Services” Rockhampton QLD. Permission will be given to BBS on the completion of the sale to dispatch to applicable purchasers. It will be purchasers responsibility to transfer semen.

Bulls will be pre-treated for tick line crossing requirements.

INSURANCE
We recommend that buyers insure their purchases at the completion of the sale.

TESTING & VACCINATIONS
• All bulls have been fully vaccinated with 3 Germ Blood, 7 in 1, Vibrio, Pestiguard, Pilliguard and longrange Botulism.
• All bulls have been PI tested as negative by Swans Veterinary Services
• Vet inspections have been completed for all bulls by Dr Steve Bliss. Certificates available on request.

POST-SALE COLLECTIONS

PRE SALE INSPECTIONS

Private on property inspections of bulls are welcome by appointment from the 25th September 2017 to 5th October 2017

Please email barh@hornerygroup.com.au or phone 0499 954 125 if you wish to book an inspection prior to sale.

DIRECTIONS
‘RiverLea’ located at Comet. 50kms east of Emerald and 250kms west of Rockhampton on the Capricorn Highway.
Fullblood Pedigree Analysis (16/16 Analysis)

On the basis of ease of application and low cost, this Japanese model for pedigree analysis is currently the most accessible method for basic and rapid grouping of Australian FB Wagyu breeding stock by prefectural origin, suitable to assist in the prediction of breeding outcomes for operations of all sizes. With an identical focus on the prefectural bloodline foundation, similar evaluation has been the basis of F1 Wagyu sire specification at Australian feedlots for many years.

Many Australian fullblood breeders were introduced to Japanese pedigree analysis methodology by Japanese master breeder Mr Shogo Takeda, who has extended the analysis to create a ‘Rotation’ methodology for the multi-generation production of balanced commercial fullbloods. Mr Takeda uses pedigree analysis to assess the ‘mix’ outcome probability of heritable influences from the Japanese sub-genomes or prefectural strains, which must be first identified within each individual. From analysis of variables, assessment can deliver a prediction of the potential outcome of any joining in key traits including marbling, growth and milk production. The method addresses the traditions of Japanese Black Wagyu breeding as described by Mr. Kenichi Ono, author of the authoritative ‘Japanese Top 100 Wagyu’ who suggests that successful breeding of Wagyu is to

1. Understand the characteristics of each strain
2. Plan combinations to cover weak points of individual strains
3. Not over-emphasise one strain

Japanese pedigree analysis of all registered fullblood animals in the Australian Japanese Black Wagyu herd is available.

WAGYU GROUP (A-D)
INTRODUCING WX, EXCLUSIVELY CROSS-BRED WAGYU BY RANGERS VALLEY

WX isn’t just about the Wagyu component, or the marble score.
It’s about a newly developed and artfully crafted evolution. Wagyu, plus marble score, plus a deliberate and artful cross breeding process resulting in WX offspring, handchosen and unique - reinventing dining.

wxbyrangersvalley.com.au

Rangers Valley would like to congratulate Hornery Group/Bar H on presenting such a high quality offering of bulls at their upcoming sale.

OUR LOCAL TEAM WANT YOUR BUSINESS

How can we help?

Livestock Marketing
- Prompt and guaranteed proceeds, livestock finance

Rural Property Marketing
- Experience, proven successful sales

Insurance
- Rural & Commercial cover, Flood cover

Animal Health
- Feed supplements, parasite treatments, specialist advice

Animal Management
- Cattle NLIS tags and ear tags, crushes & branding cradles, portable yards

Fencing
- Gates, wire, posts, concrete powder

Produce
- Horses, cattle, pigs, dogs, cats

Ag Chemical
- Competitive price, delivered to you, extensive range

Seed
- Knowledge, variety, grower support

Fertilizer
- Bulk deliveries, custom blends, service

Specialized Products
- Linsel Hoists, Poly Tanks & Troughs, we can get it!

Australian Reproductive Technologies (ART) is based in the beef capital, Rockhampton, and provides a comprehensive range of assisted reproductive biotechnologies to cattle breeders across the nation. Our core business is IVF/ET, because it is the best technology for maximising production from your elite cows, without risking their future natural fertility. Additional services include:

* AI
* Super ovulation (flushing)/ET
* Ultrasound evaluation of donors and recipients
* Pregnancy testing.
* Conveniently located Donor and recipient centres.

For more information, please contact:
Simon Walton, Managing Director, Australian Reproductive Technologies
ph # 0400368048
simon@artivf.com.au         www.artivf.com.au
CHAPTER ONE - PRELIMINARY

1. (a) A vendor is bound by these terms and conditions by offering livestock for sale by auction.
   (b) An agent (which includes an auctioneer) is bound by these terms and conditions by conducting an auction sale.
   (c) A buyer is bound by these terms and conditions by bidding at auction.

CHAPTER TWO - STANDARD TERMS OF SALE

4. Subject to any reserve price, and to the right, prior to the fall of the hammer, of the vendor to withdraw any lot without declaring the reserve, the highest bidder shall be the buyer.

10. A bidder shall be deemed to be a principal unless, prior to bidding, the bidder has given to the auctioneer a
   (a) the purchaser's name; or
   (b) the bid card number which identifies the purchaser; or
   (c) any other written instructions which have been accepted by the auctioneer.

11. The successful bidder at a livestock auction sale must give to the auctioneer at the fall of the hammer:
   (a) the purchaser's name; or
   (b) the bid number which identifies the purchaser; or
   (c) the Livestock are collateral for the purposes of the PPSA;
   (d) may make a bona fide sale for market value of any or all of the livestock. As between the buyer and the vendor, the vendor is responsible for the prevention of loss or escape (but not death, sickness or injury) of those cattle from the time of the fall of the hammer, for delivery to and from the scales, to the buyer's delivery pen and onto the buyer's nominated transport. This responsibility ends at the earlier of those cattle boarding the buyer's nominated transport or sunset on the day after the sale. This subclause does not apply if the agent makes an announcement to that effect prior to sale.

19. (a) Subject to the right of rejection in Clause 18, all conditions and warranties expressed or implied by law are hereby excluded from the sale to the extent that the law allows. All lots are open for inspection prior to the commencement of the sale and are sold with all faults, if any. No compensation shall be given for any faults, imperfections, errors of description, number in or of any lots sold or otherwise.

20. (a) Any claim or objection arising out of an error or misdescription in the provision of relevant information in terms of legislation or regulation concerning the National Livestock Identification Scheme (NLIS) must be made by 5:00pm on the seventh day after the fall of the hammer. No objection, requisition or claim against the vendor or agent in respect of such error or misdescription can be made after that time.
   (b) Any statements made by the vendor or the auctioneer whether in writing or orally to the effect that any female has been pregnancy tested or scanned positive shall mean and require only that a certificate in writing shall be supplied to the buyer signed by a qualified veterinary surgeon or certified scanner certifying that the said female has been tested or scanned on the date specified in the certificate and that in the opinion of the surgeon or scanner was pregnant on that date.

21. The buyer may not make any claim against the vendor for actions by the vendor or its agent under clauses 20
   or 21 and indemnifies the vendor and its agent against any loss, damage, costs, expenses, penalties, fines or
   claims suffered by the vendor, the agent or any person or entity arising from the vendor exercising its rights under clauses 20 or 21.

23.1. Clause 23 applies whenever the agent pays the vendor before being paid by the buyer, which the agent is not entitled to do.

23.2. The vendor hereby gives notice to the buyer of the assignments referred to in clause 23.3.

23.3. (a) when this clause does not apply, as agent of the vendor (including by reselling the livestock); and
   (b) the Purchaser acknowledges the rights of the Seller (and/or the Agent if Clause 25 applies) to register a
      financing statement under the PPSA with respect to the security interest created by this clause;
   (c) the Livestock are collateral for the purposes of the PPSA;
   (d) is responsible for the safety and well being of the livestock;
   (e) must act in a fiduciary capacity in its relationship with the vendor;
   (f) may make a bona fide sale for market value of any or all of the livestock. As between the buyer and the vendor, the vendor is responsible for the prevention of loss or escape (but not death, sickness or injury) of those cattle from the time of the fall of the hammer, for delivery to and from the scales, to the buyer's delivery pen and onto the buyer's nominated transport. This responsibility ends at the earlier of those cattle boarding the buyer's nominated transport or sunset on the day after the sale. This subclause does not apply if the agent makes an announcement to that effect prior to sale.

23.4. The vendor acknowledges that the vendor may take enforcement, repossession or other action to recover any livestock for which the vendor has not paid in full, or the Price of such livestock, owing by the buyer under these terms and conditions:
   (a) when this clause does not apply, as agent of the vendor (including by reselling the livestock);
   (b) on the date when this clause applies, on the agent's own behalf exercising the rights of the vendor by repossession or assignment under these terms and conditions (whether in the vendor's name or not) and, where title to the livestock has not passed to the agent, by selling the livestock as agent of the vendor without the agent having to account to the vendor for the proceeds of sale.
   (c) Any statements made by the vendor or the auctioneer whether in writing or orally to the effect that any female has been pregnancy tested or scanned positive shall mean and require only that a certificate in writing shall be supplied to the buyer signed by a qualified veterinary surgeon or certified scanner certifying that the said female has been tested or scanned on the date specified in the certificate and that in the opinion of the surgeon or scanner was pregnant on that date.

CHAPTER THREE - SPECIAL TERMS OF SALE

22. The buyer may not make any claim against the vendor for actions by the vendor or its agent under clauses 20
   or 21 and indemnifies the vendor and its agent against any loss, damage, costs, expenses, penalties, fines or
   claims suffered by the vendor, the agent or any person or entity arising from the vendor exercising its rights under clauses 20 or 21.

23. Clause 25 applies whenever the agent pays the vendor before being paid by the buyer, which the agent is not entitled to do.

23.2. The vendor hereby gives notice to the buyer of the assignments referred to in clause 23.3.

23.3. (a) when this clause does not apply, as agent of the vendor (including by reselling the livestock); and
   (b) the Purchaser acknowledges the rights of the Seller (and/or the Agent if Clause 25 applies) to register a
      financing statement under the PPSA with respect to the security interest created by this clause;
   (c) the Livestock are collateral for the purposes of the PPSA;
   (d) is responsible for the safety and well being of the livestock;
   (e) may make a bona fide sale for market value of any or all of the livestock. As between the buyer and the subsequent buyer, the sale shall be made by the buyer in its own name and not as agent for the vendor; however as between the vendor and buyer, the sale shall be made as a share of the vendor and a person or entity arising from the vendor exercising its rights under clauses 20 or 21.

23.4. The vendor acknowledges that the vendor may take enforcement, repossession or other action to recover any livestock for which the vendor has not paid in full, or the Price of such livestock, owing by the buyer under these terms and conditions:
   (a) when this clause does not apply, as agent of the vendor (including by reselling the livestock);
   (b) on the date when this clause applies, on the agent's own behalf exercising the rights of the vendor by repossession or assignment under these terms and conditions (whether in the vendor's name or not) and, where title to the livestock has not passed to the agent, by selling the livestock as agent of the vendor without the agent having to account to the vendor for the proceeds of sale.

This page contains the terms and conditions of sale for livestock auction sales conducted by ALPA Livestock Auctions. The terms and conditions include provisions on bidding, bidding rules, auction procedures, and the rights and responsibilities of vendors, agents, and buyers. The terms are designed to ensure fairness and transparency in livestock sales, protects the interests of all parties involved, and provides a framework for resolving disputes. The auctioneer is thesole arbitrator of the successful bidder in case of a disputed bid. Buyers must give their full name and bid number at the fall of the hammer. Auctioneers are required to announce the last bid and any further bids before accepting a bid. Buyers are responsible for the safety and well-being of the livestock they purchase. The terms also address the responsibilities of vendors and agents, including the obligation to register a financing statement under the Personal Property Securities Act (PPSA) to secure the livestock being sold. The PPSA provides a legal framework for securing interests in livestock and other movable assets.
25. The agent may at any time, assign, transfer, secure or otherwise dispose of all or any of its rights under these terms and conditions and any debts created pursuant to it (including, without limitation, the rights assigned to it under clause 23.3).

26. The vendor hereby irrevocably appoints the agent as the vendor’s attorney to:

(a) do at any time and in any manner as the agent thinks fit all acts necessary or desirable to perfect or improve the rights and interests afforded, or intended to be afforded, to the agent under these terms and conditions; and

(b) appoint one or more sub-attorneys to do anything that the agent may do as the agent’s attorney.

27. These terms and conditions do not render the agent liable to the buyer as vendor nor entitle the buyer to set off against the agent any right the buyer may have against the vendor or otherwise.

28. The buyer acknowledges that the provisions of this clause 23 are intended solely for the benefit of the agent (and its assigns) and the vendor. The liabilities and obligations of the buyer will not be in any way affected:

(a) by this clause 23, other than as it expressly provides; or

(b) by the failure of the agent or the vendor or either of them to comply with the terms of this clause 23.

29. The buyer must pay all amounts payable to the vendor or the agent under these terms and conditions without any deduction, withholding, set off or counterclaim whatsoever, whether the benefit of a deduction, withholding, set off or counterclaim is alleged to exist in favour of the buyer as against the vendor or the agent in any capacity whatsoever or any other person including any assignee of the vendor’s or the buyer’s interests under these terms and conditions.

24. (a) The agent agrees that he is liable to pay to the vendor the Price, less such commission as is agreed between the vendor and the agent, and in the absence of any agreement such amount as is reasonable, and less the Fees that are payable by the vendor that were incurred by the agent on behalf of the vendor in relation to the sale of the livestock.

(b) In the event that the buyer pays the Price or part of it direct to the vendor then the agent has no liability to the vendor for the amount of such payment. Further, if the agent pays the vendor any amount which the buyer also pays direct to the vendor in respect of the same livestock, then the vendor must repay the agent that amount and the agent may debit that amount to an account held in the name of the vendor by the agent.

(c) Regardless of whether or not a sale has occurred the agent may, but is not under obligation so to do, instead of deducting payments owed to by the vendor, debit the amount of the commission and fees to an account held in the name of the vendor by the agent.

25. (a) The auctioneer has been retained by the vendor as auctioneer for the purpose of selling the livestock comprised in the lots. The terms of engagement between the auctioneer and the vendor do not extend to the provision of advice by the auctioneer to the vendor in relation to the safety or otherwise of the sale ring, the salesyards and the surrounding environments.

(b) The vendor, the agent and the buyer agree to comply with their several duties under the Australian Animal Welfare Standards and Guidelines for the Land Transport of Livestock and further to concern, manage, receive, transport and handle livestock in accordance with any other or additional requirements of animal welfare legislation specific to the jurisdiction in which livestock are consigned, managed, received, transported and handled in the course of the auction process.

CHAPTER THREE - VENDOR WARRANTY FOR CORRECT PRESENTATION AND DECLARATION

26. This chapter applies only in the case of livestock and their companion animals sold at auction for slaughter when the buyer is the slaughterman and the livestock are transported direct from the sale yard to the meatworks at which they are slaughtered.

27. This chapter applies only in the case of livestock and their companion animals sold at auction for slaughter when the buyer is the slaughterman and the livestock are transported direct from the sale yard to the meatworks at which they are slaughtered. This chapter does not apply if the buyer is a trader who subsequently resells the livestock to a slaughterman. A slaughterman is any person who pays the AMPC Processor levy.

28. In the event of a breach by the vendor of the vendor’s warranty and provided such breach is notified by the agent to the vendor in writing, the agent may, but is not under obligation so to do, instead of deducting payments owed to by the vendor, debit the amount of the commission and fees to an account held in the name of the vendor by the agent.

29. The vendor remains nevertheless liable for all costs incurred after the fall of the hammer in transport, slaughter, testing and disposal of the animal.

30. Owner’s risk protection is available to the buyer of cattle to which this chapter applies if all of the following are satisfied:

(a) a certificate is issued by government which states the relevant NMLS RFID tag number and PICT, date of the certificate, the reason for condemnation and that the reason for condemnation existed prior to the fall of the hammer;

(b) the certificate is received by the selling agent either in its original form or by fax or electronic communication in the form of data, text or imaging by 5:00pm on the 7th day after the fall of the hammer; and

(c) if the reason for condemnation is due to chemical residue, a certificate following testing in a government approved laboratory which establishes maximum residue limits in excess of the Australian limit.

31. The auctioneer has the right to make one bid on behalf of the vendor if the auctioneer clearly and precisely announces that fact prior to the sale.

Tasmania Legislation. An auctioneer conducting a public auction must not appear to acknowledge the making of a bid if no bid was made. A person must not participate in competitive practices by way of making or receiving an unlawful promise to abstain from bidding, not to bid except to a limited extent or do any other thing which may prevent free and open competition.

WA Auction Sales Act 1973 s13 NOTICE.

It is an offence to:

(i) induce or attempt to induce another person to abstain from bidding by means of a promise, expressed or implied, that the other person will have the right to effect to take over as buyer or to win or draw lots to establish who is to become the owner;

(ii) abstain or agree to abstain from bidding as a result of such a promise;

(iii) knowingly permit or cause to be entered in the auctioneer’s record any name other than that of the actual successful bidder;

(iv) enter in the auctioneer’s record the name of the buyer other than that of the actual successful bidder; or

(v) misrepresent facts or bid in such a way as to induce the auctioneer to believe that the purchase described is to be made at a price or for a purpose or market.

It is an offence to:

(i) induce or attempt to induce another person to abstain from bidding by means of a promise, expressed or implied, that the other person will have the right to effect to take over as buyer or to win or draw lots to establish who is to become the owner;

(ii) abstain or agree to abstain from bidding as a result of such a promise;

(iii) knowingly permit or cause to be entered in the auctioneer’s record any name other than that of the actual successful bidder;

(iv) enter in the auctioneer’s record the name of the buyer other than that of the actual successful bidder; or

(v) misrepresent facts or bid in such a way as to induce the auctioneer to believe that the purchase described is to be made at a price or for a purpose or market.

"LOC’S" STORY
Lachlan Hornery, son to Perry and Sandra and brother to Derran, Randall and Que lost his battle with cancer in 2008. "Loc" left behind wife Sonia and 5 beautiful children. Whilst Loc was fighting the terrible disease he stated he would do everything he could to help and try to make a difference for others suffering the same pain.
The Hornery family vowed to honour Loc’s wish and work tirelessly to continue to support the "Lachlan Hornery Trust Fund" held with Royal Brisbane and Women’s Hospital Foundation.

4ULOC Facts and Figures
- Over $200K has been donated to RBWH since 2009
- Two Mine Compliant Pink Trucks for hire $25 per hour donated to RBWH Foundation
- 4ULOC Bottled Water $1 per bottle sold donated to RBWH Foundation
