World Class

The Moranbah East State School Garden Party has made a huge impression on 450 lucky ladies who attended the grand event this year. The Committee was overwhelmed by the response from local businesses and businesses from out of town to help put together one of the greatest afternoons booked on every woman's calendar. Moranbah ladies were so excited about the event that they lined up from 5.30am in the morning on ticket sales day to get a ticket to make sure they would be a part of an afternoon of world class fashions, stunning prizes, fun games, giggles with friends and lots of dancing. **Create-A-Sign** help set the scene with a stunning backdrop of the New York City skyline and guests entered the event on red carpet. The Garden Party has become so popular with the ladies in Moranbah due to its safe environment, outstanding entertainment and making everyone feel special and beautiful. It is hard to believe that this small country town on this one day has the class and style of the Melbourne Cup Races. The entertainment was top class as well with the ladies listening to **Sophie Phillis** from "the Voice" along side local singers **Rob Cookson and Klancie Keough**. Not to stop there, last year for The Garden Party's 10 year anniversary the guests rocked along with the Australian Band **Busby Marou**. The committee always try to do something exciting for its guests and this year as the lucky Door Prize winner, Kylie Chandler was treated to a sunset flight over Moranbah on the day with the helicopter landing on the school oval thanks to **The Hornery Group**, who happily accepted the request from the School and donated their time. Everyone was green with envy as they watched the lucky winner fly over the event. The Mystery prizes were so incredible with the total valued at \$10,000, tickets were bought in bulk to win one of the eight gifts. The food was elegant thanks to **Morris Corp**, who donated all the catering to this amazing event, their community spirit is to be commended. Also the team from Dental Care Xtra brought "New York Smile Competition" to the Garden Party this year with the major winner receiving a total makeover, valued at \$1500. The Fashions on the Green were brought to the event by famously known Mackenzie Mode. The fashion parade was sponsored by Westend Fashions, Addicted 2 Labelz and Mackenzie Mode, the guests were treated to a choreographed parade showcasing each of the Sex and the City characters.

"This years event is proving to be the best fund raiser the committee has put together so far and Moranbah East State School P&C would like to thank everyone and all the wonderful sponsors for making a difference in the lives of the children." said Mrs Barnes P&C President.
